PROFILE HIGHLIGHTS

SUMMARY OF QUALIFICATIONS

- 12+ years shipping production UI on high-traffic retail and enterprise SaaS platforms, most recently leading UI development for a headless React and Next.js e-commerce application
- Team lead and UI subject-matter expert, partnering with Design, Product, QA, Analytics, and Engineering on agile teams from early concepts through release
- Remediated third-party ADA audits by Level Access at two major retailers, leading the effort at FullBeauty, and built WCAG standards into components, code review, and lint rules so issues are caught before release
- Built and owned a multi-brand design system of tokens, components, and usage guidance, with accessibility built into every component state

TECHNICAL SKILLS

- *Front-End & Design Systems*: React, Next.js (App Router), TypeScript, JavaScript (ES6+), HTML5, CSS3, Sass, CSS Custom Properties, Bootstrap, Server-Side Rendering (SSR), REST APIs, Mobile-First / Responsive Design, Cross-Browser Compatibility, Design Tokens, Component Libraries, Storybook
- *Accessibility & Performance Optimization*: WCAG 2.1 AA (tracking 2.2), Semantic HTML, ARIA, Keyboard Navigation, Screen Reader Testing (VoiceOver), Audit Remediation (Level Access), WAVE, Core Web Vitals, Lighthouse, PageSpeed Insights
- *Tools & Workflow*: AI-Assisted Development (Claude, OpenAI Codex, Gemini, GitHub Copilot), Jest (unit testing), Git, Webpack, npm, CI/CD (Jenkins), AWS CloudWatch, Azure, Node.js, Salesforce Commerce Cloud (SFCC), Figma, A/B Testing, Jira, Agile

LANGUAGES

- English (native), Spanish (fluent)

EXPERIENCE

FULLBEAUTY BRANDS · *Lead UI Engineer* · New York, NY (Hybrid) *Jul 2020 – Nov 2025*
Promoted from Senior UI Engineer to Lead UI Engineer *Apr 2023*

- Built the UI layer of a headless, server-rendered React, Next.js, and TypeScript storefront, launching checkout before the 2024 holidays and expanding across the site, with performance tracked against Core Web Vitals
- Reporting to the CTO, led a distributed UI team of 2 onshore and 4-5 offshore engineers, owning hiring interviews, onboarding, mentoring, code review, planning, developer documentation, and site-wide post-release monitoring
- Architected and owned a scalable 19-brand design system shared across legacy and headless codebases, cutting the UI team's workload ~25% and eliminating recurring color contrast and focus audit findings: https://designsystem.fbbrands.com
- Delivered accessible checkout, product, search, and cart experiences, tested by keyboard and VoiceOver and cleared of legacy issues through third-party audits
- Drove a phased, full-site front-end migration from Salesforce's SiteGenesis to SFRA architecture in 2022, making the design system the company-wide standard

BLOOMINGDALE'S · *UI Developer* · New York, NY *Apr 2018 – Jul 2020*

- Built and optimized components for high-traffic Browse & Search pages using Backbone.js, Marionette, and Sass
- Improved page performance with CSS animations and lazy loading, shipping A/B-tested UI enhancements
- Shipped accessible components for a company-wide style guide and pattern library
- Boosted unit test coverage to 80%+ for key components using Jest, reducing regression bugs

SPRINKLR · *Software Engineer* · New York, NY *Sep 2014 – Sep 2017*

- Engineered reusable components and templates built on semantic HTML for an enterprise SaaS drag-and-drop site-builder platform using React, Redux, and Sass
- Established CSS standards for the development team, monitoring adoption and advocating for CSS-first implementations, minimizing JS dependencies
- Delivered multi-tenant theming for Fortune 500 clients, enabling visually distinct branded sites at scale on a shared component foundation

BRANDERATI · *Junior Developer* · New York, NY *Jun 2014 – Sep 2014*
Acquired by Sprinklr *Sep 2014*

- Built custom branded micro-sites for influencer marketing clients using JavaScript, CSS3, and Foundation
- Implemented data visualization features using D3.js for platform analytics

GENERAL ASSEMBLY · New York, NY *Dec 2013 – Jul 2014*
Hired on contract as Expert in Residence to mentor students *Apr 2014*

- Completed Web Development Immersive (WDI), a twelve-week full-stack program

STARTOUT · *Community Coordinator* · New York, NY *Oct 2012 – Jun 2013*
Managed web content across the organization

GLOBAL HEALTHY LIVING FDN · *Web/Program Associate* · Nyack, NY *Mar 2010 – Sep 2012*
First hands-on experience with HTML and CSS managing the organization's websites

EDUCATION

BALL STATE UNIVERSITY · Muncie, IN *BA, May 2009*

- *Major:* International Business · *Minors:* Marketing · Spanish
- *Honors:* Dean's List 2008, 2009 · Advanced Professionalism Certificate
- *Leadership*: Alpha Kappa Psi, Latino Student Union, Student Government Association
